

## Demonstrators' trg underway

**EMCHI, Jul 29:** Ten fishery demonstrators from different districts are participating in a five-day orientation training programme on 'aqua culture practices and its management' which got underway here today.

After inaugurating the programme, fisheries director J Taba explained the importance of conducting such training, and urged the participants to work with commitment towards the development of aquaculture, to motivate fish farmers to diversify their activities, and to increase fish and fish-seed production.
